Who is Iran Alive Ministries?

- Iran Alive Ministries uses Satellite TV and modern technology to reach Iranians with the saving Gospel of Jesus Christ.
- Although there are no physical church buildings, the Church is blossoming in Iran as we work to share the Gospel, disciple new believers, and train up Christian leaders. God is transforming Iran into a Christian nation - one soul at a time!

Founder and President

Iran Alive Ministries
was founded in 2000 by
Dr. Hormoz Shariat
after God had given him
a deep conviction to reach
his fellow Iranians
with the Gospel.

Current Problems Facing Iranians:

Persecution

Iran has one of the highest rates of Christian persecution in the world. According to *Article 18*, an organization that advocates for religious freedom, Iran has had a striking increase in the involvement of the Islamic Revolutionary Guards Corps in arresting Christians since 2021. Persian converts are also barred from carrying Bibles.

Sex Trafficking/Trade

The 2021 "Trafficking in Persons Report" from the U.S. Department of State ranks Iran as a Tier 3 nation, meaning it “does not fully meet the minimum standards for the elimination of trafficking” and “is not making significant efforts to do so.” This is seen through enacted laws such as temporary marriages.

Human Rights

The Iranian people have rallied around the wrongful death of Mahsa Amini, a young woman who was killed by the Iranian Government for improperly wearing a hijab, to protest in hopes of overthrowing the Islamic Regime. This is a historic opportunity to reach a country with the hope and firm foundation of the Gospel!

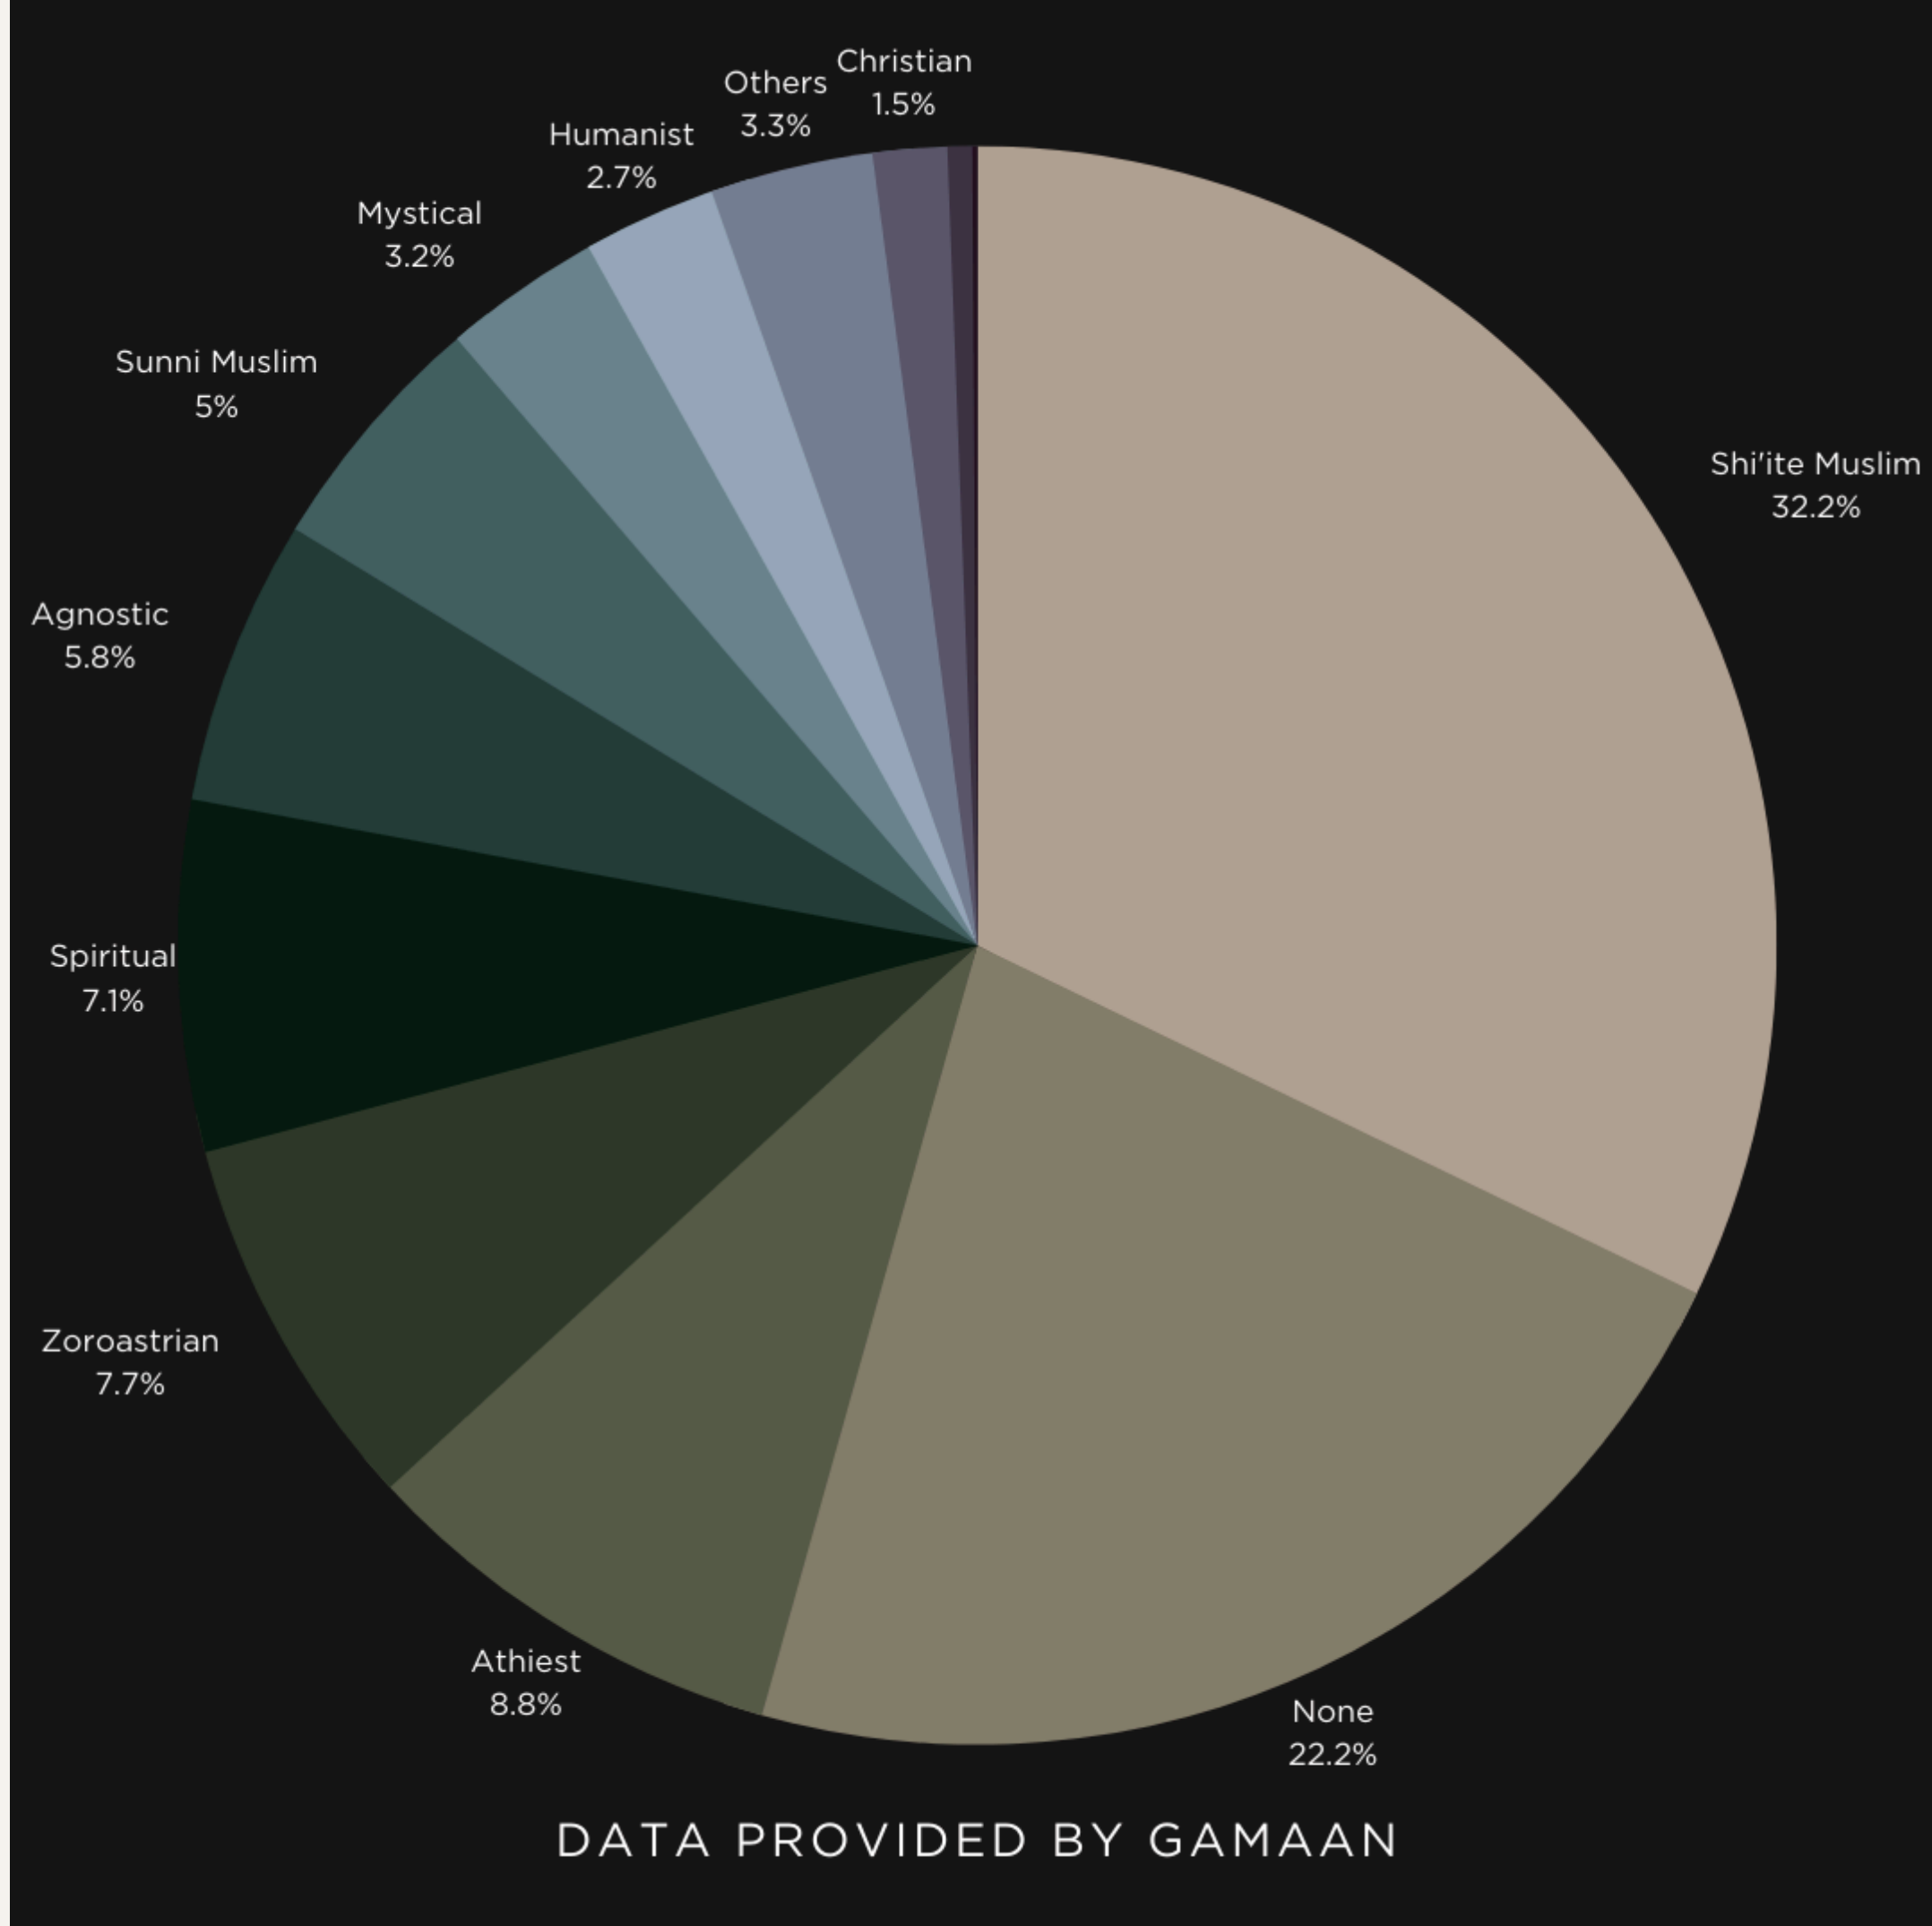

Identity

Young Iranians desire liberty, and reject Islam more each day. Young Millennials and Gen-Z often seek freedom in a secular worldview. At Iran Alive Ministries, we have been given the opportunity to reach them with the Truth: that TRUE freedom is found in Christ alone.

A Historic Opportunity

Did you
know that,
as of 2022,
only 37.2%
of Iranians
identify as
Muslims?

Solutions:

24/7 Christian Broadcasting

The power of satellite TV allows for 24/7 broadcasts of Gospel messages, discipleship, and Christian programs into Iran and other Farsi-speaking regions. About 60 million Iranians have access to a satellite dish, that we are able to reach without government interference!

Bible Distribution

Owning a Bible is prohibited for Iranians, so we work with our underground church network to smuggle Bibles into the Farsi-speaking world. Through this effort, we are able to provide the Word of God to those who have never had it.

Discipleship School

This 3-year online training school engages, disciples, and trains up future Farsi-speaking leaders who will also take up the Great Commission and disciple others for generations to come!

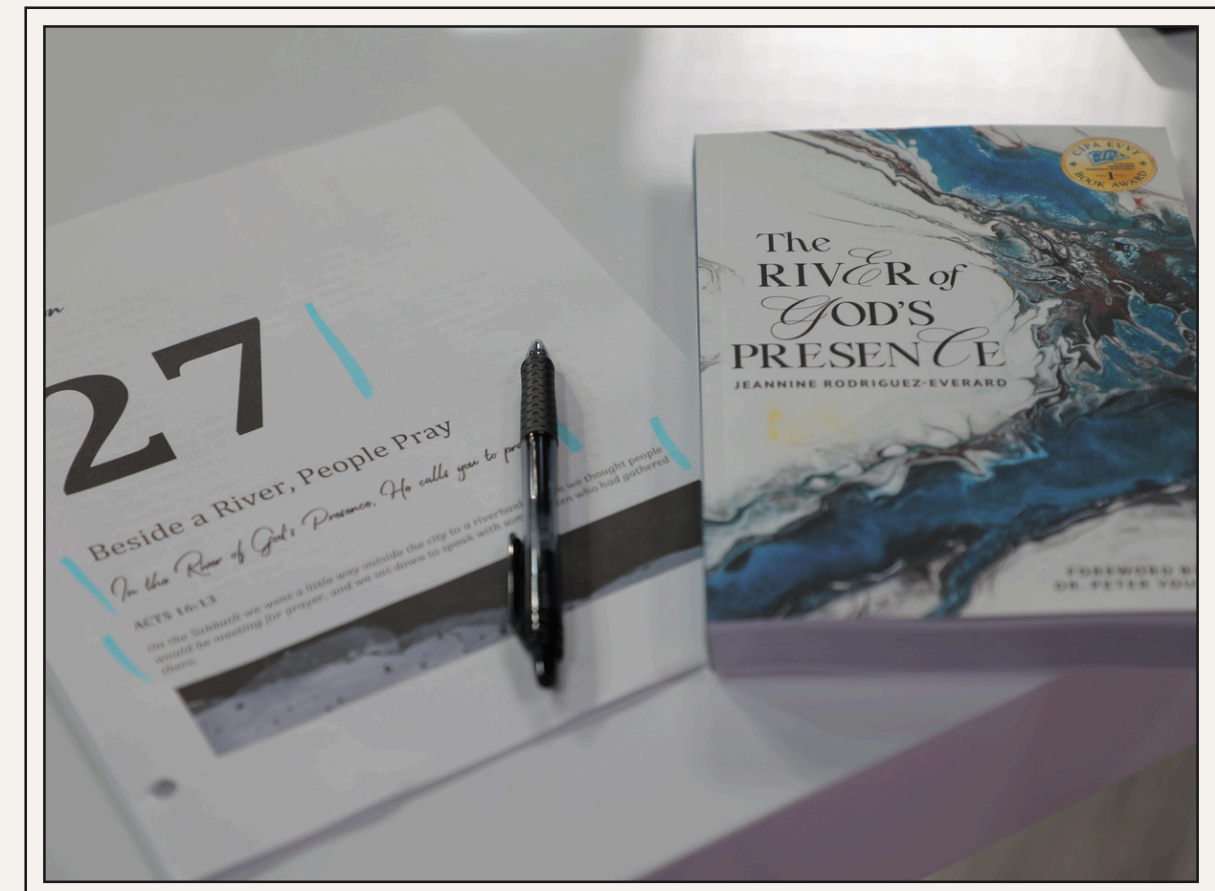

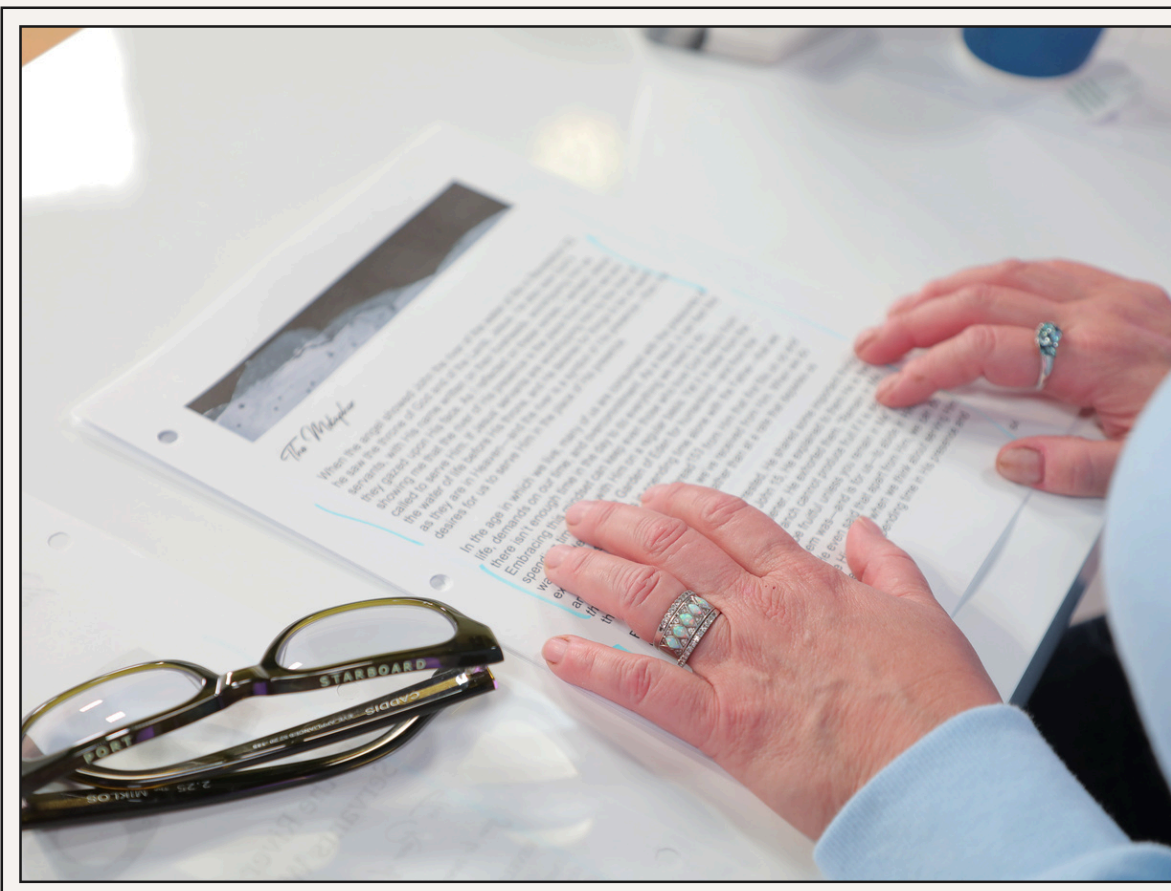

Farsi-speaking Counselors

Our counselors are ready day or night to talk with those who need immediate biblical counseling. Our counselors are well-trained, biblically-based, Farsi-speaking, and safe to contact so that our viewers are comfortable reaching out to us.

The River of God's Presence

Partnering with Jeannine Rodriguez-Everard and many others allows us to collaborate together to advance God's Kingdom among Muslim born Iranians!

Now you are the body of Christ, and each one of you is a part of it.
(1 Corinthians 12:27)

Babak:

It was a very interesting program. It teaches how we can endure and stand firm in the face of challenges. I thank God for your presence.

Fahimeh:

I watched the video, and it was very blessed. It addressed a topic that we all face in our daily lives—how to seek God's counsel and trust in His ways in the midst of storms and challenges. If I want to share from my own experience, I will say that personally, when I am in difficulties, I turn to God's presence and seek His Will. When I want to discern His voice, I confidently ask for His will in that matter in the name of Jesus, and I reject all thoughts, paths, and advice that are not from the Lord. That is when God's work begins.

Farideh:

This program reminded me that sometimes I take the wrong path, but God uses that wrong path to help me learn more and, with His miraculous hands, pulls me out of that mistake.

Zoya:

I really enjoyed the program and liked the woman who hosted the program; she spoke with all her inner feelings.

Shamin:

May God bless you. I watched the program, and it was very educational. I hope that with the continued airing of such programs, we can learn more from God.

Maryam:

The video was really great. The person who presents the program does not get tired, and it is easy to listen and present the happy program. God's kindness and forgiveness are endless, and God always helps people... and we are the ones who should always seek God's help and forgiveness. God helps us in all situations, and all good things come from Him, and He keeps us strong and resistant against evil.

Mary:

I finished these movies carefully. I heard that even though I watched and listened to some parts several times, I must say for sure that my understanding is very, very little. A summary of the understanding that God gave me from these words is that I, Maryam, am very, very in need of God to make such changes in my entire being. I need a secure relationship, a pure love, according to the singer, "I was wounded by attachments, my heart is one love." We are in infinite need of such a pure and wonderful relationship. As I experienced at the beginning of my faith, despite all the problems and challenges in my life, I lived in a deep, intimate and loving relationship with Jesus. I was infinitely changed by his love. The presenter talked about security that cannot be obtained with any amount of money, house, bank account machine, or any person around us.

Roya:

This is how I understood that we should unite our thoughts with God's thoughts. But what I found out was that God chose us the way we were. Now is the time to change our minds. I think it was a good program.

Ayna:

This video made me pay more attention to the signs and symptoms and get spiritual help in my decisions. Maybe the dream I see or the event that happened to me is a message or inspiration from God. Believing that forces beyond my abilities are at work makes me better cope with unexpected events in my life. For example, in the face of challenges, I can rely on the belief that everything is under divine control and even from the heart of hardships, good and may there be a blessing. In order to better understand these messages and signs, I was encouraged to perform spiritual practices such as prayer, meditation, and examining dreams. I hope that these can help to increase my personal and spiritual awareness, mental peace, and improve my quality of life. In general, it taught me to believe in transcendental experiences. To see my life from a more spiritual perspective. I have more confidence in my life path and deal with the challenges of life more calmly.

Fatima:

The video is about healing and freedom in Christ and as it is about the power of prayer, it can have a profound effect on our lives. When I believed in Christ, he healed my deep inner wounds, the wounds left from my past. This video taught me to pray for my physical and inner healing. I learned to pray to find my weaknesses and ask God. In the process of this healing, I learned how important it is to forgive others because forgiveness frees us from the bonds of grudges and resentments that burden our hearts. With forgiveness, my heart was freed and the love of Christ flowed into my life Christ made me look at my wounds, not with pain and bitterness, but with hope and compassion. At the end of this video, Jeannine tells us that God heals our wounds and gives us a new life through love and forgiveness. This healing power has affected both my body and soul, leading me to a life full of peace and love.

Narcissus:

In the video of the first lesson, I learned that everything belongs to God; He is the first and the last, and his power and glory have no end. In every dream, he reminds us that he is God and that he is the first, but we often forget this fact in doing our services. and this cannot be achieved by human effort, we believers must be careful to humbly enter the presence of God the Father who is the king of the world and not rely on our human abilities and possessions because everything is worthless in front of the greatness of God and He is the only one. which is eternal and glorious.

In the second lesson, I learned that it is only in the presence of the Holy Spirit and our Lord Christ that the rivers of life flow in us and supernatural works occur. Healing flows to us from Christ the Lord because the presence of Christ means healing and life.

In the third lesson, I learned that when we are in the presence of God, we will experience supernatural experiences. In His presence, we will believe that without Christ, God, we are not able to do anything. Meeting God changes our lives, miracles happen, and the spiritual gifts given by the Holy Spirit enable us to even physically move from one place to another, as happened to the apostles and prophets.

Glory be to the name of our Lord, Christ, who is living and eternal!
